

How do I link a Team form with a Member form?

Last Modified on 05/12/2023 4:53 pm AEDT

With Passport Registration Forms, Team Managers can register a team directly into a Competition or to the Association, who can then assign their team to a Competition. During the same registration process, they also can invite their friends to join the team via a Member to Team Form.

Let's follow the story of John, a Team Manager for his social team, as he registers his team and invites friends to register themselves.

- John visits a website and sees an invitation to enter a Team into a Competition

- John then clicks on the link and is taken to the Team Registration Form – where he is then presented with three options.

1. Choose Type	2. Information	3. Summary
<div>My team is registered in this league/association, and I know my team code and password</div> <div>I would like to request my team code and password</div> <div>New Team Registration</div>		

- John has never played before and he and a group of friends want to play, so he chooses the **New Team Registration** option.

- John fills out the form and selects the competition he wishes to join.

1. Choose Type 	2. Information	3. Summary
<p>Competition to join*</p> <div>Division 1 </div>		
<p>Team Name*</p> <div>Dodgers</div>		
<p>Contact Name*</p> <div>John Smith</div>		
<p>Address Line 1</p> <div>123 Sport Street</div>		

- John has now reached the summary screen of the registration form and can now add the email addresses of his friends who are also going to play in the team.

Thank you, we have registered your team, Dodgers in the competition Division 1. Final acceptance is subject to total team entries and local competition requirements. Should we change your entry, we will contact you directly.

You have two tasks remaining.

1. Email your teammates using our 'invite teammates' feature below. Using this, you can invite all of your teammates to register for your team online.
2. Go ahead and complete an online transaction for any monies owing as a result of this team entry. Confirm the amounts are correct and click pay now.

Invite your teammates to join your team

Enter the email addresses of all your proposed teammates here. Simply type in each email address followed by a comma. When you have finished click 'Invite Teammates Now'.

Invite Teammates Now

- Once John clicks **Invite Teammates Now**, he can exit the form and each of his friends will receive an automated email, inviting them to join the team.

- Each of John's teammates click the link provided in their automated email, which launches the linked Member to Team registration form.
- John as the team manager, John will receive a different automated email, prompting him to register with the team.

FOR ASSOCIATION ADMINS:

This process can be configured through the Registration Forms functionality in Passport. Let's now look at the setup steps and what's required for linking these two forms together.

1. From your Registration Forms screen, click on **ADD NEW FORM** and create a **TEAM TO ASSOCIATION FORM** and a **MEMBER TO TEAM FORM**
2. **EDIT** the **TEAM TO ASSOCIATION FORM**
3. Find the ***Member Form for users to register to teams*** option and select the applicable **MEMBER TO TEAM** form you need to link.

The screenshot shows a web interface with a label "Member Form for users to register to teams:" followed by a dropdown menu. The dropdown menu is open, displaying three options: "Courtside Member Form", "Do not link this form to a Member to Team form", and "Courtside Member Form". The second option is highlighted in blue. A mouse cursor is visible on the right side of the dropdown menu.
