

# How do I access my Passport Website?

Last Modified on 07/12/2023 2:22 pm AEDT

Association administrators are able to publish competition information including fixtures, ladders, results, and statistics to a public-facing **Passport Website**. Each Association is automatically set up with a Standard Website to which this information is automatically linked. Clubs may also have a Standard Website linked to their account if enabled by their Association.

Each individual website can be accessed directly through the Passport system following the steps below:

# Associations

1. In the left-hand menu, click **Competitions** > **Publish to Web** > **VIEW WEBSITE** 

The Publish to Website function allows you to display competition information on your GameDay Passport website.   Schedule Publish to Web Now   (Please only click once)     Note:   It may take 10-15 minutes before a Publish to Website request displays content on your website.   Submitting the request multiple times will increase the time to publish.   Scheduled Times (Weekly)   Monday 09:00	ublish to Web		View Website
